Is that necessary?

**Sometimes conducting another test or treatment is not the answer.**

That’s what the Choosing Wisely® campaign is all about. Helping physicians and their patients avoid unnecessary care. Open patient communication. Improving patient outcomes.

Medical specialty societies across the country have identified more than 130 commonly used tests and procedures that physicians and their patients should question and discuss together.

**Be a part of the solution.** Learn more about the tests and procedures, available resources for patients and how together you can choose wisely.
